*Alma Mater, Alma Mater Pride and
Glory be thine,
Good will and fellowship,
Through thy portals shine;
Stand beside us, E'er to guide us.
Wave thy banner on high;
Sons and daughters rise and cry;
Hail, all hail Valley High.
Alma Mater, Alma Mater, When in
Sorrow we part,
Long may thy memory
Dwell within each heart.
Years of treasures,
Tears and pleasures,
Ever with us abide,
Now, again we rise and cry,
Hail, all hail, Valley High.*

Kitty -
Sorry to hear

SENIOR CLASS

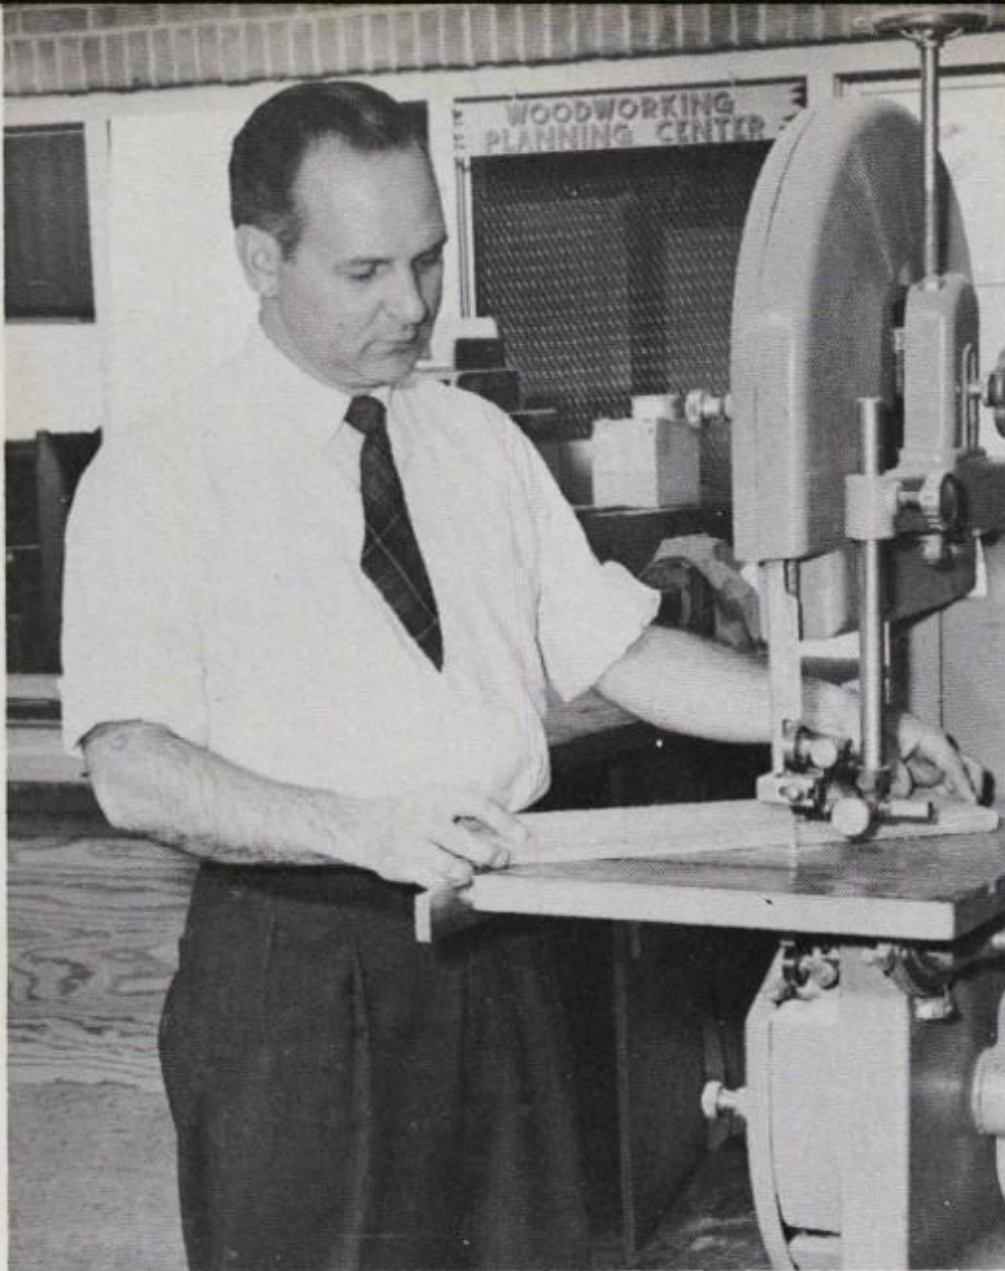

MR. FRANK YULO

DEDICATION

We, the Senior Class of 1960, are proud and happy to dedicate this our Triad to Mr. Frank Yulo. The Senior Class has benefited much from Mr. Yulo's helpful assistance to them, and the entire student body.

Having devoted a majority of his time to making Regional a better place, we are honored to dedicate this Triad to Mr. Frank Yulo.

MR. ROBERT GROTH

APPRECIATION

The Senior Class of 1960 would like to extend their sincere appreciation to Mr. Groth and Mr. Renton for all the effort and labor which they have given us. These two men have assisted us, not only in the many activities in which we have participated, but have gone beyond their call of duty as advisors by giving us expert guidance, encouragement, and support. They have ably officiated over class meetings; they have been ever-faithful members of all our committees, and have been perpetually available for all sorts of advice and guidance. More than mere thanks are in order; but we can offer only our most sincere, yet inadequate, appreciation to you both.

a crawling thing
blind, bewildered
alone
innocent
what am I doing here
I'm so alone and so helpless
where is my mother
here she is
help me, O mother
help me

I'm getting bigger, stronger
I have friends
I am learning and growing fast
My mother doesn't help me
As much as she did
Help me, O friends
Help me

SUCH IS MAN

I am a man, my mother is dead
I have the strength of an ox
My mind is strong too, and quick
I am not alone, I have taken a wife
From us has come another life
We are happy, but the road is hard
Help me, O God
Help me

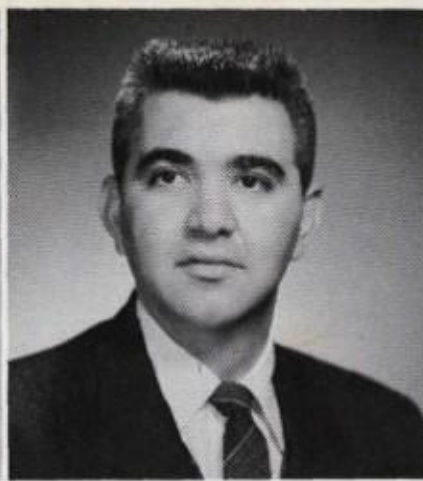

my child is grown and gone
it has been a happy life
but, ah, I grow weary
I am old and tired
it is late
come swiftly, O death
come swiftly

EARTH AND TIME

Let us take a trip in time
On a man-made time machine,
And look on earth in times to come
As omniscient King or Queen.

The earth is old and grey now.
Her sun is all but dead,
And men are all but gone now.
To other systems they have sped.

Across the vacant plains we look — and sigh
Where once in many splendored arts.
Men had lived and worked and lived — and died.

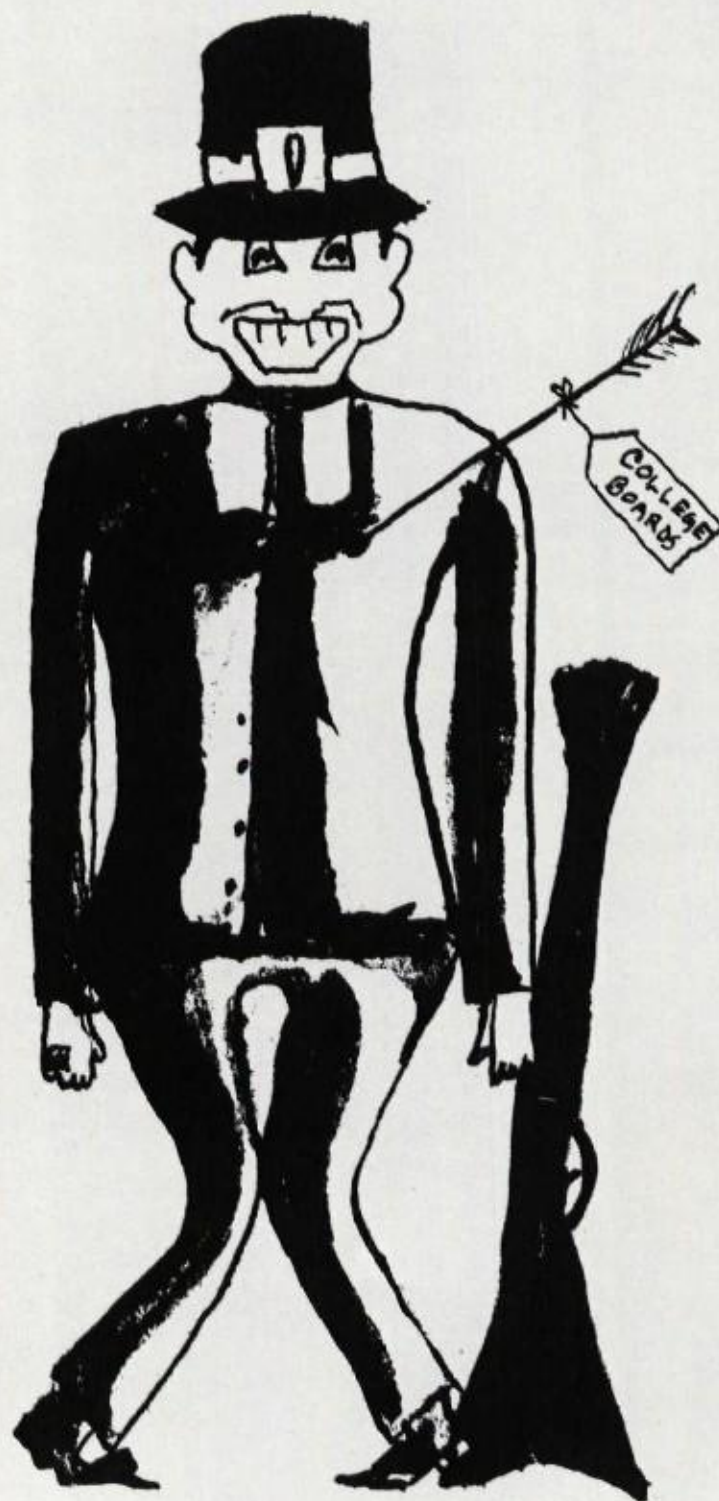

The ancient cities at our feet,
Lay crumbled and falling.
She's look'n for her children.
And her God will soon be calling.

REFLECTIONS

Phineas Fogg took 80 days to go around the world.
In 27, "Lucky Lindy" gave flying a boon.
The first jets then roared and thundered upon the scene,
And now the Russians have shot the moon.
Today's men, ever striving to improve
Beyond our hopes and fullest dreams.
From Hifi, plastics, nylon and such,
To the micronite filter and shaving creams.
Scientists, inventors in every field,
Make hundreds of discoveries every year.
Never a let-down, day in and day out.
Yesterday's tomorrow, today is here.
Today we are ingenious, courageous and proud,
For we have our own mushroom-shaped cloud.
But I know for sure, on that ultimate day,
Someone will light a spark — And we will all be blown away.

HORIZONS

Sophomores, do you now recall,
Our seventh grade days in these long halls?
Piles of books went home each night,
Homework to the left and right!
On to grade eight in Junior High,
Much as before, but we weren't as shy;
Over the hump, we were Freshmen next,
Richer in knowledge we studied our text;
English and Latin, Science and Math —

College is calling, and this is our path.
Learning new skills during high school years,
Arouses our interests for future careers.
So keep up your work, aim higher each year,
Success is your goal — the pathway is clear.

PROGRESS

From dinosaurs and primitive men
To pre-fab houses instead of a den,
From ceremonies with snakes and eels
To church, and school, and Virginia Reels,
Through war, and work, and revolution.

EVOLUTION

Work, learning, and revolution
This is the world's evolution.
Science, Math and French solutions
These are the student's evolution.

SCHOOL DAYS

In '64 we'll graduate.
 We'll be as busy as a bee,
 Thinking of what the future may bring,
 And what we want to be.

There's math, science, and English too,
 And homework by the score.
 The hours seem to be so slow
 And they get to be a bore.

Tests, tests, and more tests,
 We get them every day —
 In math for adding numbers,
 And in English for what to say.

When the day is over,
 We stop and chat with friends.
 We gather in the hall-ways,
 And chatter like mad hens.

Wanda Dorr

SUCCESS

Remember grade seven, how shy were we,
 Trying to prove how good we could be.
 Now we're in eight, much wiser too,
 And school takes on another hue.
 Freshmen we'll be in one short year.
 Seeking to choose our life's career.
 Three years to go of study and fun,
 And then our high school years are done.
 So study, dear friends, very hard each day,
 Then joy and success will come your way.

Glory be thine,
Good will and fellowship,
Through thy portals shine;
Stand beside us, E'er to guide us.
Wave thy banner on high;
Sons and daughters rise and cry;
Hail, all hail Valley High.
Alma Mater, Alma Mater, When in
Sorrow we part,
Long may thy memory
Dwell within each heart.
Years of treasures,
Tears and pleasures,
Ever with us abide,
Now, again we rise and cry,
Hail, all hail, Valley High.*
